01Aug01 - 13Nov01

Case Name: Bierly, Jordan B
Policies:

Case ID: 956762

MEDIATION: Prepared and took with me a 1 1/2 summary of what DCFS expected Lisa to do for us to reunify her with her children. DCFS and MO was able to agree, with some resistance by MO, with the plan and was willing to proceed. Mediator met with Attorney's who were unable to reach an agreement on the case. Therefore, it was referred back to the court.

I ask MO about Peter's school registration, she indicated he was registered and her Attorney has his student ID. His Attorney was ask for the information and indicated he did not have it.

I called the district office following mediation and verified through them that Peter was registered at Hillcrest High.

(Harris, Linda 13Sep01)

07Sep01 15 minutes Final Collateral Telephone Contact Harris, Linda
Policies:

Received a call from Vicky indicating Lisa was calling Darryl on the office phone for Leigh to talk with him. She indicated she had told her she could not use the phone during the visit. She also reminded her she was to leave the premises immediately following the visit. (Harris, Linda 14Oct01)

07Sep01 14:00 120 minutes Final Client Supervised Visit Chapoose, Vicky
Policies:

p/u from Elementary school, we were 5 minutes late to the building due to being stopped for construction. Called the office and let Pat-Receptionist know we were running a little late and NM was waiting at the office. Also FM had dropped off Leigh at the office. Dropped Jordan off at the front sidewalk then went and parked the state car.

Jordan was still walking down the hall to the office when I got in the front door, then when Jordan and I walked into the receptionist area - NM had Leigh on the phone talking to someone. Told Lisa that the phone wasn't part of the visit and she wouldn't listen and she gave the phone to Jordan and he talked to whoever. Told NM that the family could visit w/them in the building but no phone visits and I told her no arguing over this matter Nm looked at Pat-receptionist and asked her, can this be done and Pat told her to talk to the Caseworker. NM stated then Darryl then could visit w/the kids in the building. Told NM that there is a court order in place and No Darryl can't visit w/the kids. NM stated that the court didn't state anything about phone visits. Ended phone visit w/Jordan and asked them to go in the visiting room. NM stated asked Jordan about his glucose level and how he was feeling and was eating properly and was the FF feeding him because his level was around 61. Pat-receptionist gave NM Girl Scout Cookies for the kids and NM stated this should be sufficient for Jordan to bring up his level. Told NM that I had asked Jordan how he was doing and he stated everything was going well and he was feeling good. NM didn't say anymore. Extended the visit 5 minutes longer because I was late getting in w/Jordan. FM came to building and did the p/u for Leigh. NM walked out of the office w/Jordan and I, then she asked Jordan so the trip has been cancelled and looked at me w/a big grin. She walked to the state car w/Jordan and put him inside then I started to tell NM and then she interrupted me and said, I know Linda had told her when the visit is over she is to leave the building. NM stated so many rules that the caseworker makes up and she is getting tired of them. NM stated she was going to stay out of the building and then she was going to wait for Darryl because he was taking her w/him to see his attorney. (Chapoose, Vicky 10Sep01)
