Endo - Attending

I have discussed the court mandates w/ Jordan, i.e. he is going to be ward of state & that he will be disclosed to Andrea (the shelter mom). He does not want to go & is very angry. We talked about him maybe getting to go home w/ her tomorrow. He does not want to go, if it means w/ her

Dex 162.

A/P

Have asked nurse to page me after he eats & I will dose insulin post-prandial. I am worried that he won't eat well & that I will give too much insulin. If he doesn't eat, will give clear liquids (sugar containing) tonight - and dose insulin based on this
