

DEMONSTRATE YOUR RESOLVE FOR PARENTAL RIGHTS!

Demonstrate your anger and your demand for justice on behalf of innocent parents like us who are fighting to love, care, nurture, and provide for our own children!

Time/Date:	Friday, September 26, 2003, 12:00-1:00 P.M.
Where:	Utah State Capitol Front Steps

Hear our stories, see our faces. We are just like you! We are real!

Lisa Bierly has meticulously collected all information since her children were unjustly seized. View that documentation at www.accountabilityutah.org and call your elected officials to expedite the release of her diabetic son, Jordan, from the foster care system.

The DCFS, Office of Guardian Ad Litem, Attorney General Mark Shurtleff and Governor Mike Leavitt already know these stories. They refuse to overturn the seizures of our children!!!

Support the return of our children, and protect the sanctity of the family!

We sincerely cannot allow what has happened to us happen to you. Join our voice! Help us celebrate our children's birthdays again! Help end our nightmares and sleepless nights. **PLEASE COME!**
